2009 Artists in residence (Noja, Spain)

2010 Solo exhibition & Group exhibitions in Tokyo

2011 Artists in residence (Odawara, Japan)

Concept

From my experience of painting on canvas and paper, I have been searching for my own form by applying a variety of methods.

The themes will change sometimes because of the circumstances, and now "the link of peace" is my current one. This is the way I can enjoy and continue the work of painting.

At the same time, I am expecting to communicate with my works to know more about myself.
